

Student Success Series Workshop Spring 2024 Schedule

Mastering Canvas: Unveiling the Secrets of Success

Learn how to organize your course materials, submit assignments without hassle, communicate with instructors and peers effortlessly, and advance your skills on the Canvas learning platform. Join us today and become a true Canvas ninja!

Ensuring Technology Success: Get Ready for Tech

Learn the fundamentals of utilizing ICC's required communication tools and learning platforms to prepare you to succeed in your course. Attendees will be guided through the basics of email, Canvas, virtual meetings, and more!

Overcoming Test Anxiety:

Are you a nervous test-taker? Learn how to defeat your test anxiety through a variety of test-taking techniques.

Applying Personal Learning Styles:

Understand your learning preferences and how to apply them in and out of the classroom! (Check out <https://vark-learn.com/> for more info.)

Optimizing Study Sessions:

Learn healthy study habits and create study tools tailored to your next exam!

Utilizing Time Management:

Do you need help with your workload? Learn how to organize, prioritize, and optimize your schedule in this workshop!

Adopting Effective Note-Taking:

Learn new strategies to take and use your notes! This workshop will cover several note-taking and studying strategies and show you how to personalize your note-taking for each class.
